LIBERTY IN LIFE

Rebuild... Renew... Restore.

Liberty In Life Ministries (LILM) has, through research, discovered that 50-60% of marriages end in divorce. This statistic alone creates a domino effect of societal problems and concerns. Marriages desperately need Christian faith-based education and practical solutions to address common marital issues. These issues can and often do result in divorce if the couple lacks hope or a plan for restoration.

DEDICATED TO STRENGTHENING
MARRIAGES & FAMILIES

MISSION

To educate and equip marriages and families globally through Christ-centered programs, interactive workshops and seminars.

Liberty in Life Ministries travels city to city, church to church, as a helping-hands advocate in the area of marriage preservation. We conduct well-balanced biblical teaching regarding God's plan for marriage, provide effective communication techniques to constructively resolve conflict between spouses and teach couples how to maintain transparency, intimacy, and oneness. We are committed to seeing marriages and families set free from the issues and cycles that keep them from enjoying time together.

VISION

To strengthen and bring hope to marriages and families, liberating them from the common deceptions of life.

We are dedicated to rescuing marriages and families that are desperate for a lifelong, healthy, and wholesome change. Our goal is to bring guidance to marriages by helping them rebuild areas of their relationship that have been ruined by years of miscommunication, misunderstanding, and unresolved issues. LILM creates an atmosphere of trust, honesty, and forgiveness enabling couples to expose these issues and experience the refreshing renewal of their love for one another.
